If you play often with Dropped D, you know how to play the funky notes after they sing the chorus. Here are some ways to play them -

```
--2--..-----0-----0--|--2--..-----2--  
--3--..-----3-----3--|--3--..-----3--  
--2--..-----0-----0--|--2--..-----2--  
--0--..-----0-----0--|--0--..-----0--  
--0--..-----3-----2-----|--0--..-----0--  
--0--..-----|--0--..--5--3--3--3--5--3^--0--0--
```

The D chord with the ".."'s after it means to strum that chord as you want. This isn't a note-for-note transcription, its just to give you some ideas.

Here is the rest of the song- (chords are tabbed at the end)

```
      D                                     A  
I was just a skinny lad...(etc) But I knew life before I left my luxury...  
      D                                     G                                     D  
Left alone with big fat fatty, she was such a naughty nanny, you big woman,  
      A                                     D  
You made a fat boy out of me...
```

Chorus -

```
D             C             G             D             C             A  
Oh, won't you take me home tonite, Oh, Down beside your red fire light,  
D             G  
Oh, you gonna give it all you got,  
             D             A             D
