Yes, it is

```
E            A      B
If you wear red tonight
E                A      D     B
remember what I said tonight
     C#m                        D
for red is the color that my baby wore
            A          E
and what´s more it´s true
A        E
yes, it is.
E                    A        B
Scarlet were the clothes she wore
E           A        D    B
everybody knows I´m sure
C#m                          D
I would remember all the things we planned
     F#m          E
understand it´s true
A           E          A
yes, it is it´s true, yes it is.
F#m         B7         E         C#m
I could be happy with you by my side
F#m          B7
if I could forget her
   C#m
but it´s my pride, yes it is
                      F#7  B
yes it is, oh yes it is, yeah.
E                  A     B
Please don´t wear red tonight
E               A     D    B
this is what I say tonight
C#m                                D
for red is the color that will make me blue
     F#m               E
in spite of you it´s true
  A              E   A
yes it is it´s true, yes it is
F#m
I could be happy...
E                  A     B
Please don´t wear red tonight,
E               A     D      B
this is what I say tonight
C#m                                D
for red is the color that will make me blue
     F#m              E
in spite of you it´s true,
A               G#7
yes it is it´s true,
A                E
yes it is it´s true.
